To Have Baby Clinic.
A baby clinic where mothers will be shown how to keep "well babies well" will be established under the direction of the Red Cross Public Health Nursing service and the first clinic will be held at the headquarters in the court house on Saturday of this week from nine until twelve o'clock. At this time all babies that are brought to the clinic will be weighed, measured and instructions given the mothers as to how to keep the babies in good condition. Mothers from the town and surrounding country are asked to bring their babies to the clinic where they will be warmly welcomed. The object of the clinic which is to show mothers how to keep their babies well and at this time during the warm months when babies are subject to illness a little word or bit of instruction from those who make their living by studying may mean the baby will remain well through the heated season which might not otherwise do so. The clinic will be under the direction of Miss Mary Wainfield, Red Cross nurse in the employ of the local Red Cross chapter and her assistant, Miss Ball. Mothers are urged to bring their babies to the headquarters on Saturday morning from nine to twelve o'clock and each succeeding week thereafter.
